DETAILED ACTION

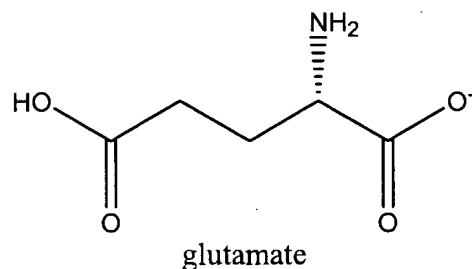

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 22, 36, 37, 53 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The term “p-aro~~yl~~-glutamate” is unclear. Where exactly is the aro~~yl~~? The traverse is unpersuasive. First, the basic structure:

An aro~~yl~~ is the radical formed by the removal of OH from an aromatic acid, e.g. Ph-C(O)- is benzoyl (see specification, page 10, line 26). But where on this glutamate is the aro~~yl~~ to be attached? Since there is no ring present, how can it be para to anything? Applicants are requested to provide an example of an R₃ group which corresponds to the term “p-aro~~yl~~-glutamate”.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

Art Unit: 1624

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 22, 53 are rejected under 35 U.S.C. 102(b) as being anticipated by Jun, Bulletin of the Korean Chemical Society 17(8), 676-678 (1996).

Note in Scheme 3, the species 4d which corresponds to X = NH, R1 = H, X2 = methyl when R3 is not present, or X2 is alkylene and R3 is H. The amendments are noted but this species is still embraced.

Claims 38-43, 54-58 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
